

Seaford Community Garden Sponsorship

"The Giving Garden"

2024

Our mission within the garden is to teach, grow, harvest, and provide to local homeless shelters, Veterans, nursing homes, and more with the Seaford community.

Your sponsorship of a 4'x18' Ground Row Garden for the year supports a 72 sq ft area of space for healthy local fresh food. The fruits of this labor from the Seaford Community Garden will be given to local organizations in need.

"Grow With Us"

We will seed, plant, and care for each sponsored row; feel free to bring your employees down to help us grow. When your employees choose to volunteer with us, they can take home freshly harvested items the day they participate.

Our NPO 501(c)(3) is a volunteer-based program. Your sponsorship will help provide the garden with seeds, soil, irrigation, and tools needed to help the garden grow.

See our Sponsorship Chart to choose your given level!

The deadline for sponsoring the 2024 Gardening Year is March 15, 2024.

Contact us via email Seafordcommunitygarden@yahoo.com or phone 302-245-6057 to apply.

We are thankful for your continued support.

We hope to see your staff and family down at the gardens. It's open May thru the end of November 2024.

Use our beautiful outdoor space for your company events. Set up an employee volunteer day at the garden.

The volunteers will then be able to take home harvest come season. For every seed planted is another heart grown in Seaford!
